DR. PRICE'S

CREAM

BAKING POWDER

MOST PERFECT MADE.

From the Professor of Chemistry, California College of Pharmacy.

SAN FRANCISCO, JANUARY 24, 1890.

I have made a careful analysis of a sample of Dr. Price's Cream Baking Powder

purchased by me in open market. The results of my analysis show that the

Cream of Tartar used in its manufacture is pure, and that it does not contain

any foreign substances, such as Alum, Ammonia, Lime or other

impurities. I consider it to be pure and wholesome, and is every

way a superior article.

AN EARTHQUAKE,

Involving a Loss of \$3,500,000.

EXECUTION OF A MURDERER.

Four Cronin Jury Bribers Plead Guilty.

Glove Contest Between Kilrain and Corbett.

Heavy Loss by an Earthquake.

Special to the GAZETTE.]

SAN FRANCISCO, Feb. 12.—The steamer Gaelic arrived from Hongkong and Yokohama last night. In the Japanese advices are given the details of one of the most terrible volcanic eruptions in the recent history of Japan.

Mount Zoo, near the town of Fukui, in Bingo district, commenced to rumble at 8 o'clock on the evening of January 16th. This continued two hours, followed by a short cessation, during which period the inhabitants of the neighboring villages rushed away from their homes in great confusion. Soon the top of the mountain was lifted off and there was a din equal to a dynamite explosion, and sand and stones were belched forth, falling in the neighborhood of Fukui, where the smoke and fire were also blown by the wind.

At the entrance of the town the ground was covered with sand and earth to a depth of over a foot. Stones and earth also fell at Minsunomura, a village six miles away. No previous eruption of Mount Zoo is recorded. Only one man lost his life, but some stock was killed and fifty-five houses destroyed. The total loss entailed by the eruption is estimated at nearly three and a half million dollars.

A Coming Glove Contest.

By Associated Press.]

NEW YORK, Feb. 12.—James J. Corbett, instructor of boxing to the Olympic Athletic Club of San Francisco, arrived here and has taken possession of quarters in Carrollton, ten miles above this city, in which John L. Sullivan was trained for his fight with Paddy Ryan. Corbett is matched to meet James Kilrain in a six-round contest, with five-ounce gloves for a purse of \$3,500 at the Southern Athletic Club in this city on February 17th.

Pleaded Guilty.

By Associated Press.]

CHICAGO, Feb. 12.—When the case of the men indicted for attempting to bribe the Cronin jury was called this morning the four remaining defendants pleaded guilty. The Court said it would hear evidence to determine what the mitigating or aggravating circumstances were.

Failure of Woodruff & Co.

By Associated Press.]

NEW YORK, Feb. 12.—To-day it is estimated that the liabilities of Franklin Woodruff & Co., who failed yesterday, will be about half a million dollars, with nominal assets, enough to more than cover that amount.

Held for Murder.

By Cable and Associated Press.]

LONDON, Feb. 12.—Elizabeth Vincent, the discarded mistress of L. H. Isaacs, a member of Parliament, who shot and wounded him last October, was remanded in Richmond to-day on the charge of an attempt to murder.

Wife Murderer Hanged.

By Associated Press.]

TORONTO, ONT., Feb. 12.—Thomas Kane was hung here this morning for the murder of his wife in November. He met his fate resolutely.

Congressional Affairs.

By Associated Press.]

WASHINGTON, Feb. 12.—The House met at 11 o'clock this morning in continuation of yesterday's session. The debate on the proposed code of rules was continued by McCleary of Missouri.

After hearing a number of witnesses, developing nothing of special interest, the ballot-box investigation committee discharged all witnesses and adjourned, subject to the call of the chairman.

The House Committee on Territories decided to report favorably delegate Carry's bill for the admission of Wyoming as a State. The committee also authorized a favorable report on the bill providing for an additional Associate Justice of each of the Supreme Courts of Idaho and Wyoming.

Morse of Massachusetts and Allen of Michigan followed Dockery, speaking in support of the rules. At the conclusion of their remarks, the session of Tuesday was ended and that of Wednesday was begun. The journal was approved, the Speaker counting a quorum. McCleary of Kentucky then took the floor in opposition to the new rules.

SENATE.

The Senate unanimously passed a resolution congratulating the people of Brazil on the formation of a Republican form of government.

A resolution inviting the King of the Hawaiian Islands to send a delegation to the Pan-American Congress was also passed, and the Senate went into executive session.

The Senate Naval Committee has ordered a favorable report upon a bill to transfer the revenue marine to the naval establishment.

The Anglo-Portuguese Dispute.

By Cable and Associated Press.]

LONDON, Feb. 12.—In the Commons Sir James Ferguson stated that the papers concerning the Anglo-Portuguese dispute relative to territory in Southern Africa, will soon be presented to Parliament. They would serve to largely dispel the misapprehension which is causing the hostile feeling now being manifested against the English by the Portuguese. The relations between the British and Portuguese Governments, he says, are friendly. Portugal had suggested the arbitration of the question in dispute, but England was of the opinion that the subject was not one for arbitration. Ferguson also stated that the Government had not yet considered the invitation extended by Switzerland to England to take part in its proposed labor conference at Berne.

A dispatch sent by Lord Salisbury to the Portuguese Government on January 28th said the Portuguese invaded the disputed territory in Africa, insulted the British flag and killed England's allies before asking for mediation according to the terms of the Berlin treaty.

A Portugal dispatch said it had no right to now claim such mediation. The reply of the Portuguese Government explained that preparations for war were then being made by Portugal.

His Connection Severed.

By Associated Press.]

NEW YORK, Feb. 12.—Douglas Green's connection with the firm of Green, Bateman & Co., has been severed on the demand of the other parties, as the result of his escape with Mrs. Snell McCrea. Green at once sailed for Europe.

The evening papers say that Green has another wife living, who is an estimable woman and a daughter of Governor Spah of New Hampshire. General Prior says he was about to institute proceeding, alleging Green's insanity, when the latter left the country. His condition is the result of a fall from a horse.

Gladstone Speaks.

By Cable and Associated Press.]

LONDON, Feb. 12.—The address in reply to the Queen's speech was moved in the House of Commons this afternoon by Thomas Royden and seconded by Lord Brooke. Gladstone spoke during the debate on the address. In reference to the Anglo-Portuguese dispute, he said he regretted the conflict which has arisen with Portugal, England's old ally, but that the present matter was a case for action, and it was better that the action should be prompt.

Nearly Assassinated.

By Cable and Associated Press.]

LONDON, Feb. 12.—The report of the special commission on the Times-Parnell case will probably be made public to-morrow. The report is practically unanimous, though Judge Day, who differs with Justice Hannan and Judge Smith on one or two points, will deliver a separate judgment.

KANSAS CITY, Feb. 12.—A convention of the National Electric Light Association met here yesterday. An address of welcome and response, and the hearing of the reports of the secretary and treasurer, occupied the day's session.

WHISKY RAID.

Two Kansas Saloons Wrecked.

DUKE OF ORLEANS SENTENCED.

The Opposition Beaten in the Canadian Parliament.

The Proposed Reciprocity Treaty With Mexico.

Two Years in Prison.

By Cable and Associated Press.]

PARIS, Feb. 12.—The Duke of Orleans was again arraigned before the Tribunal of the Seine to-day. He was adjudged guilty and sentenced to two years' imprisonment.

The Court-room was crowded with spectators. When the prisoner was arraigned the crowd broke out with loud cries for the army, the Duke of Orleans and the Republic. They became so demonstrative that the gendarmes were compelled to clear the room.

Before judgment was pronounced the Duke addressed the Court in his own behalf. He said: "I came to France to serve as a common soldier. I have nothing to do with politics, which only concern my father, whose obedient son and faithful servant I am. I know by entering France I rendered myself liable to the law, but that knowledge did not stop me. I love my country, and wish to serve her. I am guilty of no crime."

The Duke will be allowed to remain in the Conciergerie Prison a few weeks before being removed to jail. The Government grants him this privilege to give him an opportunity to appeal from the sentence of the Court.

PARIS, Feb. 12.—The American squadron of evolutions at Villefrance is about to begin.

PARIS, Feb. 12.—During the hearing the Duke asked his counsel not to defend him. He said he learned in exile to honor the magistracy and respect its decisions. If condemned by the Court, he was sure of an acquittal at the hands of 200,000 conscripts of his class more fortunate than he who were able to serve their country.

After sentence was pronounced a thousand persons invaded the advocates' robing room. Many of them were Monarchists, who shouted, "Long live the Duke of Orleans!" These shouts were met with counter-cries of "Down with the Duke of Orleans!" "Long live the Republic!" The guards were powerless to restore order.

After venting their feelings here for a time, the crowd shouted: "To the statue! Let us crown Henry IV." They rushed to the site of the statue, where the Duke's sympathizers cried: "Long live the King!" Counter-cries of "Long live the Republic!" were uttered by their opponents.

An Excited Village.

By Associated Press.]

KANSAS CITY, Feb. 11.—Lathrop, Clinton county, is wild with excitement to-night over a crusade by the leading ladies of the place against the saloons there this afternoon.

The women met in the Town Hall at 2 o'clock, and after passing ringing resolutions denouncing the two saloons of the town, which is operating a local option, adjourned. Instead of going home they marched to the saloon of Thomas Ward, dressed in their silks and satins, where they found the doors barred in anticipation of their coming. They broke in, and overpowering the attendants, proceeded to smash everything in sight. After destroying all of the fixtures, bottles and windows, the women turned all of the liquor into the street. They then told Ward to leave town. He would not do it, and they marched to his warehouse, where they emptied every barrel of whisky and beer.

The saloon of A. J. Carroll was given exactly the same treatment, and three suspected drug stores were warned of the consequences of liquor selling. There is intense excitement to-night, and from the number of threats made, trouble is feared.

Defeated by the Government.

By Associated Press.]

OTTAWA, Feb. 12.—In Parliament yesterday Laurier, the leader of the Opposition, introduced a measure in favor of the abolition of the duty on American corn to Canada for the use of distillers. The Government defeated it by a majority of 35.

Carson's Postmaster Dead.

Special to the GAZETTE.]

CARSON, NEV., Feb. 12.—Postmaster G. C. White of Carson died at 2 o'clock to-day. He had been a great sufferer from rheumatism for a number of years.

After Chippewa Lands.

By Associated Press.]

WASHINGTON, Feb. 11.—The President now has under consideration the agreement recently entered into between the Commissioners of the Government and the Chippewa Indians, for the cession of part of their reservation in Minnesota. The ceded lands aggregate about three and a half million acres, and it is expected that the President will announce his approval of the agreement within the next few days. The reservation, however, is not to be open to settlement before late in the coming summer.

Reducing Mormon Influence.

By Associated Press.]

WASHINGTON, Feb. 11.—The bill introduced by Senator Edmunds to-day to provide for a public school system in Utah is a most comprehensive measure. One of the objects of the bill is to diminish Mormon influence. The bill provides for the appointment of a Commissioner of Schools, whose duty it shall be to supervise the conduct of public schools in the various counties, and apportion money among counties on the basis of the number of children between the ages of 6 and 18 years.

Shot in a Court-Room.

Special to the GAZETTE.]

SAN DIEGO, Cal., Feb. 12.—During a recess in the Mayne case at 11 o'clock this morning Bertha Johnson, the plaintiff, shot William Mayne, the defendant, three times, the shots taking effect in the head, neck and shoulder, inflicting probably fatal wounds. Mayne was sitting in a chair in the Court-room, when the defendant went to the water pitcher for a drink. Returning, she passed back of Mayne, when she turned quickly, drew a revolver from under her handkerchief and fired with the above result. Miss Johnson was arrested.

After Allison's Scalp.

By Associated Press.]

MARSHALLTOWN, Iowa, Feb. 12.—In the State Assembly of the Knights of Labor this morning a warm debate was precipitated by a report from the Committee on Resolutions denouncing Senator Allison as a monopolist, and demanding his defeat by the Legislature. A counter resolution and a strong fight will be made by his friends this afternoon.

A Reciprocity Treaty.

By Associated Press.]

CITY OF MEXICO, Feb. 12.—It is stated that ex-United States Minister Foster's visit to this city is to work in favor of the establishment of a reciprocity between the United States and Mexico.

General Irish Surprised.

General C. W. Irish was pleasantly surprised last evening, the occasion being his fifty-seventh birthday. Over thirty friends were present, and several hours were most delightfully spent in playing progressive euchre, singing and recitations.

Infernal Ingenuity.

Could scarcely devise more excruciating tortures than those of which you see the evidences in the face of a rheumatic or neuralgic sufferer. The agonies are the consequence of not checking a rheumatic or neuralgic attack at the outset. Hostetter's Stomach Bitters has been found by skillful medical practitioners to possess not only remedial, but defensive efficacy, where those diseases exist, or a tendency to them is exhibited. Surely this puissant but safe botanic medicine, bearing too such high specific action, is better than the poisons often employed, but most unsafe, not only in continuance, but in isolated doses. The blood is depurated thoroughly from the rheumatic virus, and the nerves, slightly impugned upon, saved from ultimate and direful throes by this benign, saving medicine, which likewise exhibits marked efficacy for malaria, kidney complaint, dyspepsia, constipation and liver complaint.

A CASE IN POINT.

In our forefathers' days, pimples were attributed to diseased blood. But modern medicine has demonstrated that rich food does not create eruptions by fouling the blood, but retards digestion, which makes the stomach torpid, and the circulation sluggish, and in turn causes an enfeebled action of the pores which congest or become pimply. The modern theory therefore is not to treat the blood, but the stomach and liver, and it is under this new idea that Joy's Vegetable Sarsaparilla was conceived. It is wiping the old "blood disease" idea out of existence. A case in point: "I have had for years spells of indigestion and dyspepsia and tried nearly everything. Finally I took one of the leading sarsaparillas. It caused pimples to break out on my face, which I was told was caused by the potash. Hearing that Joy's Vegetable Sarsaparilla did not contain mineral, I sent for it. The pimples disappeared and I have had no return of the old spells. It is a cure for indigestion and dyspepsia and the attendant face eruptions."
Mrs. C. D. Stuart,
1221 Mission street, S. F.

HUMBOLDT ITEMS.

Indicted for Murder—Life Insurance—Heavy Stock Losses.
The Winnemucca Silver State of the 11th inst. contains the following: The Grand Jury has found a true bill for murder against Ma Jew, the Chinaman who killed Ah Wong on the evening of November 12, 1889, near the site of the old Jose House.

The widow of the late E. M. Bennett will receive \$2,000 from the A.O.U.W. He was a member in good standing of the Order, kept so by his wife, who will now reap the benefit of her prudence. The A.O.U.W. is essentially the Order for the widow and orphans, as they receive \$2,000 in cash upon the death of the husband and father.

High-priced POKER CHIP.

A Chicago Drummer Whose Pile Was Over-sized.

At Butte City, Montana, is a millionaire's poker club, where as high as \$30,000 is frequently lost or won at a single sitting. A drummer for a Chicago house recently visited the club room and asked to be allowed to take a hand in the game. There being no objection, the drummer divested himself of his fur-trimmed top coat, and throwing a crisp \$100 bill on the table, remarked "Give me one hundred dollars' worth of chips."

The players stared at the drummer, who exclaimed, "Ain't I in the game?" "Why, of course you are," remarked one of the players, and turning to the person with the chips, said: "Give him one white one."

The drummer stared in wild amazement at the speaker for an instant and then, seizing the \$100 bill and his overcoat, slid out of the club room as though he was greased and boarded the first train that left the town.

Wants Him Released.

Among the applications for pardon at the next meeting of the Board of Pardoners will be that of William Thomas, convicted in Storey county of the crime of incest with his daughter Rosa, then 11 years of age. Thomas was sentenced to serve 10 years of hard labor in the State Prison, and about one-half of the sentence has now been served. His daughter Rosa is now sixteen years of age and has been supporting herself for the past three years. In a recent conversation with F. M. Huffaker, her father's attorney, she stated, says the Virginia Chronicle, that her father is innocent of the crime of which he was convicted and that she is anxious for his release.

Townsend's Latest.

The Homer Index of the 8th inst. says: Monday afternoon a wicked little whirlwind made things lively near the mouth of Lake Canyon. It corkscrewed a hole through forty feet of snow in a moment, and sucked up masses of earth and great boulders as if they were feathers, lifting them higher than the summits of the mountains. A slight breath from the outer edge of this erratic zephyr crossed Mill Creek Canyon and hit the Postoffice a gentle wire, ripping off boards and shingles and throwing tons of snow about recklessly. We have all kinds of wind on tap here in the winter.

Cutting Affray.

The Carson Appeal says: On Sunday night, between the hours of 8 and 9 o'clock, two drunken Italians got into a row at the Garavito Saloon. The result was that one of them struck the other in the head with a piece of scantling, then drew a knife, but other men interfered and probably saved the man's life. The wounded man was sent to the Sheriff's office shortly afterwards, bleeding from the head and neck, where he was cut and hit.

A Pleasant Gathering.

The meeting last evening of the Young Ladies' Guild at Miss Devol's was one of the largest yet held. In addition to a large part of the members, a number of friends of the hostess were present. After partaking of the usual "tea," an enjoyable evening was spent, chiefly in examining the large collection of Professor Devol's art books.

A Broken Leg.

This morning as E. C. Lenderman, the expressman, was hitching up his team one of his horses suddenly dropped to the ground, catching one of Mr. Lenderman's legs and breaking it between the knee and ankle. Dr. Dawson reduced the fracture.

Winters' Flyers Go East.

Ten head of Theodore Winters' young racers were loaded here this morning on a palace horse car and sent east by the regular overland express. They go to Memphis, Tennessee, where Winters' other runners were wintered.

Reservoirs Carried Away.

House Burned.

The residence of John Rodgers, at Wellington, Nev., recently constructed at a cost of about \$4,000, was consumed by fire last Saturday night.
